

While other brands are living off their name, SCM are quietly revolutionizing the panel saw.

The only machine fitted with all this STANDARD:

- 3.8m sliding table – a must have for handling 3600 sheets
- Maintenance free sliding table system with 4 times the load capacity than any other system
- THK electronic rip fence – Moves at over 400mm/second, the fastest on the market.
- Upgrade to three digital displays on the crosscut fence
- 10hp, S1 rated motor, giving you the power for any job.
- Full support mitre fence – uses the whole outrigger to support large panels
- Electronic scoring saw adjustment for the simplest setup system available
- Start buttons on the overhead control and in the sliding table

For the first purchasers of this revolutionary machine we have a special introductory offer

This saw is normally valued at over \$45,500 + GST.
For a limited time, we are offering stock machines at only:

\$39,950 + GST.

This introductory offer is available while stocks last, contact your local Gabbett Group office to find out more.

Perfect timing to take advantage of the government's 50% investment allowance (conditions apply)
Pricing is in Australian Dollars. Investment allowance is for eligible Australian businesses only
